

## FOR IMMEDIATE RELEASE

### **Lakeland Infertility & Pregnancy Loss Support Group is Formed with Dynamic Partnership**

October 30, 2018 – Bonnyville, AB - Local Author & Motivational Speaker, Blaise Hunter, is pleased to announce a strategic partnership with Dragonfly Counselling & Support Centre. The initiative will be called Footprints: Infertility & Pregnancy Loss Support Group. The author of *Heroine: Embrace Your Flaws & Own Your Awesome* writes about her miscarriages and is an advocate for getting loud about infertility and pregnancy loss. “I wrote my book to help me and others heal emotionally from the trauma infertility and loss can have on one’s life,” Hunter said. “It has become so clear to me a support group is needed in the area for women and men. I have been inundated with messages from women crying out from their grief and pain and I just wanted to create something so we can all heal and find a way to survive and thrive. I decided to approach the Dragonfly Centre and they were completely on board with the idea.”

Executive Director of the Dragonfly Centre, Cheryl Bujold, is ecstatic over the partnership. “I feel this is a strong alliance that will help us glean insight into this important issue and together help women and men get the support they need.”

The first meeting is scheduled for Monday, November 26, 2018 at the Dragonfly Counselling & Support Centre in Bonnyville at 7 p.m. Anyone in the Lakeland area is welcome to attend this free event. Women and couples are encouraged to come and connect with others going through similar situations. Please join the Footprints: Infertility & Pregnancy Loss Support Group on Facebook where you can follow the latest news.
